Taking a break from soccer to play futsal is very refreshing and a strong reinforcement to one's soccer skills. **Simply** continuing to play soccer indoors on turf is not enough difference to reap the benefit one gains by playing real futsal. Additionally, walled balled games lead to loss of touchline skill, bad habits, and increased injuries against the walls.

DON'T MISS THIS OPPORTUNITY. REGISTER TODAY.

All activities sanctioned by USFF (for adults) and USYF (for youth).
