I understand that in addition to the league fees, each player must register with United States Youth Futsal (USYF). The \$13.50 per player fee and player releases are completed and paid online by the player/parent/guardian (P/PI/G). Players will not be eligible to participate unless payment is received and released authorized. Outdoor player registrations issued from US Club, AYSO, USYSA, State Associations, etc. are not valid for registration with USYF. J.S. Youth Futsal (USYF) mandates background checks for all registered coaches and team managers as part of the organization's focus on player safety. Even if a recent background check has been completed, another one must be completed.

FOR RETURNING TEAM MANAGERS - If you previously registered a team with HTGSports (this year or any previous years) and would like to have access to the same players you previously had on a roster, you must use the same email address for the team manager that was used when the old roster was created. (players follow the manager's email). The email is entered in the Manager Information box below. In that situation, your User ID and password is the same as last time you accessed the system.

CRITICAL NOTICE When inputting players into your team rosters, double check the name of the player and the date of birth (DOB) to confirm they are input correctly or the USYF registration will not be valid. Also, if you have players on your roster who already registered in the current year (8/1/2020 - 7/31/2021) and paid the USYF player registration fee, to avoid the player from having to pay again, you must enter the player information above **exactly** as it was input the first time the player was registered for the current year. Changing the player name or DOB from the previous current registration will cause the system to recognize the player as a new player and will charge the fee again.

Fill in contact info for one person, at least:

Note: If you have previously registered a team with HTGSports and would like to have access to the same players you had on your roster previously you must use the same email address for the team manager that you have used before.
